Mogul Engineers Ltd provides quality management, co-ordination, and manufacturing services throughout the UK and sometimes abroad. The Company has developed its expertise since its establishment in 1969 and its aim is to achieve a high standard of manufacturing and services to its customers.

It is the policy of Mogul Engineers Ltd to provide the customer with goods and services to the agreed requirement in accordance with the details and price.

The Directors, Management and Staff are responsible for Quality Control through the Quality Management System, seeking improvement by constant review and with suppliers being encouraged to co-operate. The Company is committed to maintaining customer satisfaction using quality procedures which will be operated to meet or exceed the requirements of ISO 9001: 2015

Mogul Engineers Limited strives to be recognised as a “Preferred Supplier” of **medium to heavy sub-contract CNC machining services to its customers.**

To demonstrate our commitment to “excellence”, we have developed a Business Management System, to meet the requirements of ISO 9001:2015 as a minimum towards achieving our business objectives, meeting our customer’s increasing needs and to enable us to continually improve our services as part of our core practice.

Our business objectives are continually monitored and assessed during our Management Review meetings and in other meetings, to ensure that we are focussed on our customer’s, and other interested parties’ expectations and Mogul’s objectivity and current operations.

To become recognised as a preferred supplier of medium to heavy sub-contract machining

To investigate opportunities to invest in machinery / equipment utilising the latest technology and tooling

To improve upon our housekeeping principles

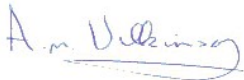

To continually maintain and improve our existing Quality Management System ISO 9001:2015.

To maintain and improve on our employee’s skills base.

We audit and monitor our methods and practices to ensure their suitability and effectiveness, changes being made as and when required.

We continually review our systems with the aim to improve and continually meet our customer’s needs.

A Wilkinson (Managing Director)
